

MODELLI / MODELS : KM070 / 080

OGGETTO:

SUBJECT : Gearbox / Planet Hub modifications

MONTH (IT) / MARCH (UK) 2013

ENGLISH

From date code 13T04 a change has been made to the planet hub and gearbox for the above models, to further improve strength and durability.

The new gearbox CAN be retrofit to older models. But please note that the new Gearbox assembly KW715261 does not come with the planet hub cover and sealing ring supplied.

Old Gearbox Assembly KW712912

New Gearbox Assembly KW715261

The new planet hub CANNOT be retrofit to older versions without changing the existing gearbox assembly for the new version, or by fitting the new vertical drive shaft, plastic hub cover, sealing ring and hub nut to the existing gearbox.
